

Step 1.: Installation

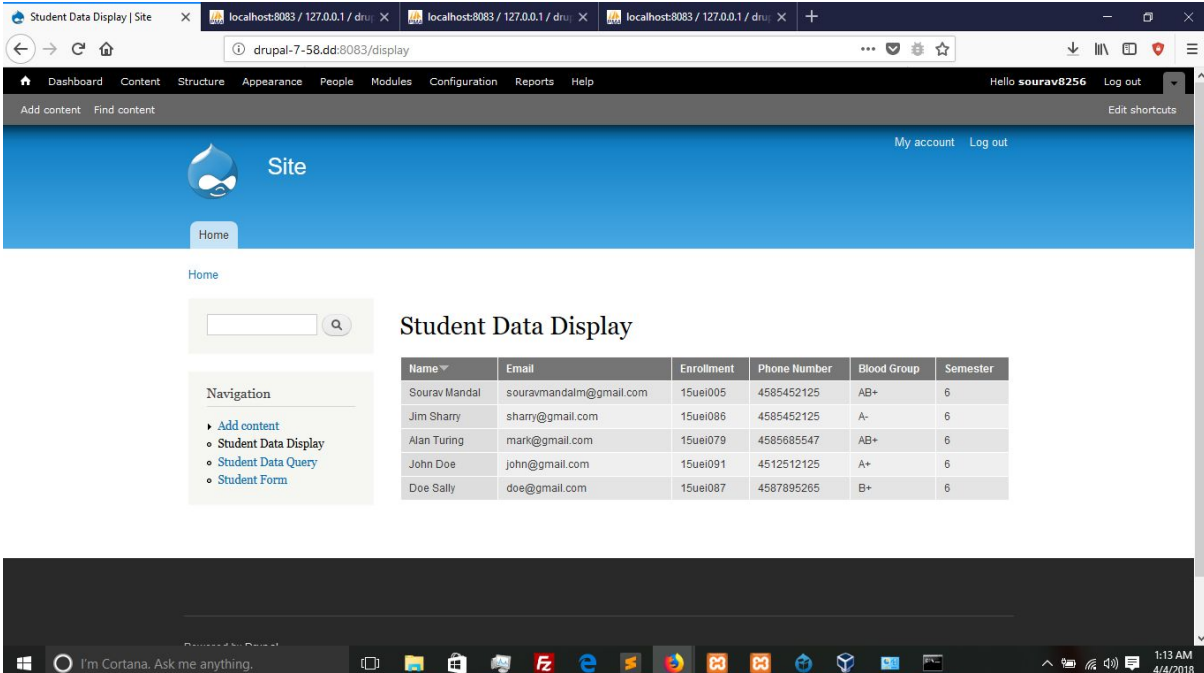

Installation can be done by simply using the fossee.zip file according to the standard installation procedure of drupal.

Step 2.: Setting up dummy data

To set up dummy data the user needs to run the sql query in files “student_db_1.sql” and “student_db_2.sql”.

Step 3.: Displaying all profiles

To display all profiles user needs to add “/display” to the end of the domain. For example in local host “<http://drupal-7-58.dd:8083/display>”

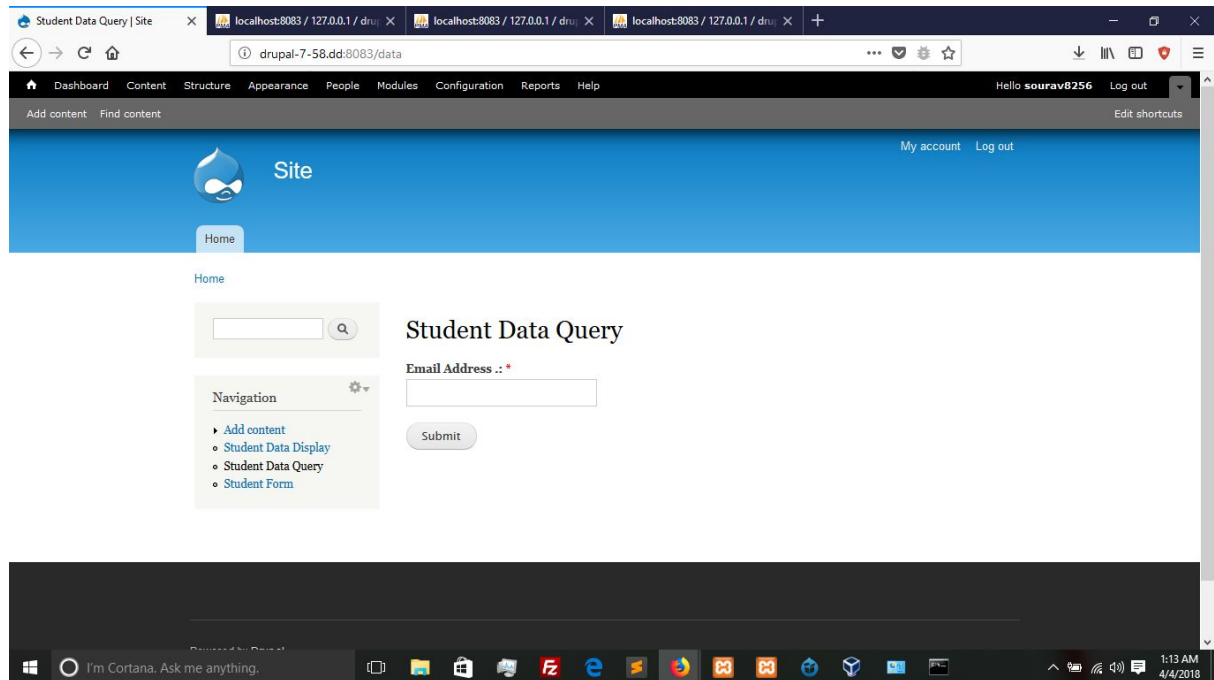

The screenshot shows a web browser displaying a Drupal 7 website. The browser's address bar shows the URL `drupal-7-58.dd:8083/display`. The website's header includes a navigation menu with links like Dashboard, Content, Structure, Appearance, People, Modules, Configuration, Reports, and Help. The main content area features a search bar and a table titled "Student Data Display". The table contains student information, including Name, Email, Enrollment, Phone Number, Blood Group, and Semester. A sidebar on the left provides navigation options such as Add content, Student Data Display, Student Data Query, and Student Form. The Windows taskbar at the bottom shows the system clock as 1:13 AM on 4/4/2018.

Name	Email	Enrollment	Phone Number	Blood Group	Semester
Sourav Mandal	souravmandalm@gmail.com	15uei005	4585452125	AB+	6
Jim Sharry	sharry@gmail.com	15uei086	4585452125	A-	6
Alan Turing	mark@gmail.com	15uei079	4585685547	AB+	6
John Doe	john@gmail.com	15uei091	4512512125	A+	6
Doe Sally	doe@gmail.com	15uei087	4587895265	B+	6

Step 4.: Querying a specific profile

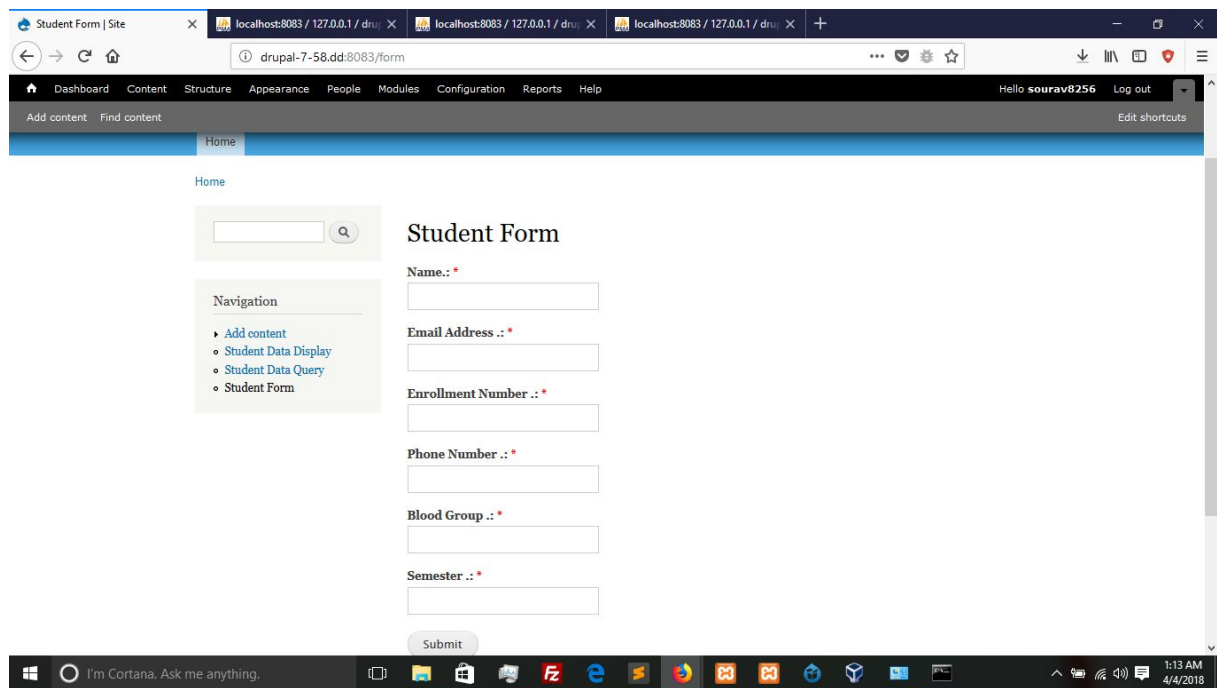

To query a particular profile based on email address user needs to add “/data”.

Note :: The above pages can also be accessed by the left navigation menu in most themes.

Step 5.: Entering new profiles

To enter new profile user needs to go to the “/form” page which contains a profile creation form.

The screenshot shows a web browser window displaying the 'Student Form' page of a Drupal site. The browser's address bar shows the URL 'drupal-7-58.dd:8083/form'. The page has a dark blue header with navigation links: Dashboard, Content, Structure, Appearance, People, Modules, Configuration, Reports, and Help. A user is logged in as 'sourav8256'. Below the header, there's a 'Home' link and a search bar. The main content area is titled 'Student Form' and contains a form with the following fields: Name (required), Email Address (required), Enrollment Number (required), Phone Number (required), Blood Group (required), and Semester (required). Each field has a red asterisk indicating it is required. A 'Submit' button is located at the bottom of the form. On the left side, there is a 'Navigation' menu with links: Add content, Student Data Display, Student Data Query, and Student Form.
